

# ARRONE®

## The **Complete** Range AR700 Series Floor Spring

### Application

The AR700 series floor spring is designed for heavier traffic, public and commercial doors, where conventional overhead door closers are not suitable. Ideal for thin slab applications due to its low profile cement case and where floor depth is limited.

### Features

- Suitable for single or double action doors
- Suitable for timber and metal doors
- Suitable for doors measuring upto 950mm (size 3) and 1100mm (size 4)
- Maximum door weight 100kg
- Fixed power size 3 and 4 mechanisms to suit low, medium and heavy frequency use
- Maximum opening angle 130 degrees
- Adjustable closing and latching speed

### Accessories

- Single and double action packs available

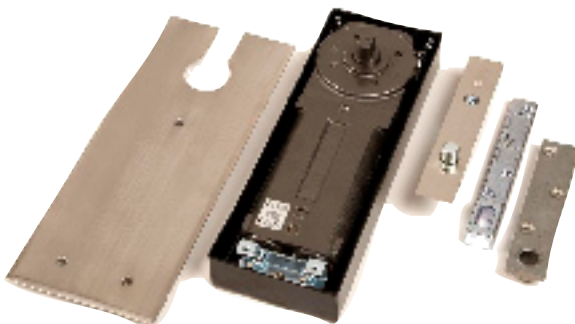

### Finishes

SSS, PSS, PB

### Standards and Certification

Successfully type tested to the requirements of BS EN1154: 1997 for single and double action doors

**Fire Safety:** Included in a successful fire test to BS EN1634 Part 1. For use on 30 minute and 1 hour timber fire doors
